THREE CENTS

WARRANT IS ISSUED FOR EARL CRAVEN'S ARREST

CHAPMAN TO HANG MARCH 3, APPEALS COURT DECLARES

Notorious Bandit Fails In
His Appeal To Return
To Atlanta Pen.

HAS NO RIGHT TO
DECIDE FOR SELF

Condemned Man Wanted to
Refuse Commutation
Of Old Sentence

New York, Feb. 15.—Gerald Chapman, notorious bandit, must hang in the electric chair on March 3, the United States circuit court of appeals decided today.

Chapman, condemned for the murder of James Skelly, a New Britain policeman, in a burglary on Oct. 12, 1923, had appealed from a decision of Federal Judge Edwin S. Thomas. That judge, in refusing writ of habeas corpus to the notorious man, upheld the right of Connecticut to deal with Chapman.

The convict, through his attorney, Frederick J. Groh, had asked his right to refuse President Coolidge's commutation of his 25 year sentence for the mail robbery.

Chapman escaped from the Atlanta penitentiary in March, 1923. He wished to go back there and complete his term in order to avoid the gallows in Connecticut.

The appellate court's decision, rendered by Judge Martin T. Manton, declined to consider the validity of the commutation granted by the president. The court held that the prisoner had no right to plead the existence of a previous crime to save himself from the consequence of a later one.

The prisoner, it continued, had no right to determine for himself which of the two sentences should be imposed.

At the outset of the fight to save him, the Chapman said he would carry the case to the supreme court if necessary.

INVESTIGATE FIRE IN BUSINESS BLOCK

Inspection of Damage Done
To Fluckiger Market
Made by Connors

An investigation of the fire last Wednesday night which damaged the Fluckiger market, Evans dairy store and apartments above the stores, all in the Kaplan block, Main street, was made Saturday afternoon by Deputy State Fire Marshal D. J. Connor of Youngstown.

An inspection of the block was made by the marshal and chief, and store manager and clerks, and persons living in the apartments were interviewed.

The marshal announced, following his tour of inspection, that there is nothing "for publication" at present. While Chief Malloy had been of the opinion from the beginning that the fire started from the stove in the rear room of the market, he wanted to make sure of the origin of the fire and the marshal's opinion was asked.

SHI CONTRIBUTED FOR HEART TAGS HERE SATURDAY

Salem folk contributed \$111.42 Saturday to help the destitute women with children and other unfortunate in care of the Volunteers of America.

From early in the morning until late in the afternoon each of the girls and boys played the merry game of "competition" for the prizes and movie tickets and at the close of the "contest" it was found that Bruce Shastan was entitled to the first prize having collected \$14.63.

The second was won by Zella Shaby who had \$13.16. Bertha Dunn had \$12.81 and received the third. The fourth and fifth prizes were won by Rachel Whiteleather and Alice Forsythe. The other children were made happy with the movie passes.

JOHN D. DONATES 10 MILLIONS FOR MUSEUM IN CAIRO

John D. Rockefeller, president of the University of Chicago, has donated \$10,000,000 for the creation of a museum and an archaeological institute here. Rockefeller feels that humanity owes a debt to Egypt and it was for this reason that he decided to make the gift, according to Dr. Breasted. The museum, it is said, will be the finest in the world.

Flames Destroy Large Business Buildings In Dayton Early Monday

Discover Diamonds In Mississippi

McComb, Miss., Feb. 15.—L. W. Deland, who claims to have discovered diamonds near Osyka, Miss., stated today he had nothing to reply to the assertion of State Geologist E. M. Lowe that it is "very improbable" diamonds could be found in Mississippi.

He would not discuss his plans further than to say, "wait and see."

Deland is expected to return to Osyka tonight with rigging for beginning work in the diamond fields.

It is learned on reliable authority that 1,000 acres have been leased to the south of the Deland lease by business men of Tangipahoa Parish, Louisiana.

FIND TWO BABIES, SKULLS CRUSHED

Find Body of Girl On Flat
Car, Boy's Body In Garage In Marion

Marion, O., Feb. 15.—Bodies of two perfectly formed babies, presumably murdered, found in Marion over the week end, lie side by side in the Hess, Markert and Axtel home, East Church st. today.

One is a beautiful flaxen haired girl, several days old. The other is a black haired boy believed to have lived several hours after birth. Skulls of both babies had been crushed with a blunt instrument, police believe.

Coroner C. S. Burnside, is to perform a post mortem today to determine whether or not they were murdered.

The girl's body was found today at 2:30 a. m. on a flat car in the Erie yards. The car from which the body was taken had just arrived from Lima. The body was wrapped in a flannel newspaper, dated Tuesday, Feb. 9. The body was limp when picked up.

V. E. Bastian, shoemaker and A. J. Rhoads, Erie workmen, made the discovery.

Body of the boy baby, frozen and discolored, was found in a frame garage at the rear of the home of A. D. Shultz, 287 Park boulevard, by Clifford Borland who rents the garage. Borland discovered the body Sunday morning about 10:30 o'clock when he went to the garage to get his machine.

The body was wrapped in a piece of blue and white oil cloth along with a blue and white towel. There was also a handkerchief in the bundle from which the initialed corner had been torn.

TALK BY SALEM PASTOR FEATURE OF CELEBRATION

The Alliance Friends church celebrated its 25th anniversary Sunday with special services, and a number of people from the local Friends church attended the afternoon service.

Rev. C. E. Haworth, pastor of the Salem church, and a former pastor of that church, gave the principal talk at the afternoon meeting and used as his subject "Rivers of Water."

Mrs. Mary K. Parker, of that city, gave a historical sketch of the church, which has 30 charter members still on roll out of 42. Two members of committee which helped to establish the church spoke briefly. Greetings were read from former pastors.

Rev. John Pennington of Damascus preached at the morning service and the pastor, Rev. Claude A. Roane, had the evening sermon.

SMALL TAXPAYER, HERE'S WHAT YOU'LL PAY

Washington, Feb. 15.—The treasury department today sent out its first batch of income tax blanks for use of taxpayers in filing their tax returns on March 15.

Tax blanks were for use of the smaller taxpayers, whose incomes are \$10,000 or less and thus not subject to surtaxes. This was done before the next tax bill becomes a law as the house and senate both agreed upon the lower rates.

The new taxes as compared to existing taxes for taxpayers without dependents and whose income is all earned, are as follows:

Two Four-Story Buildings Gutted, 10-Story Building Is Damaged.

FIREMEN BATTLE BLAZE TEN HOURS

Six Children Perish When
Fire Destroys Home
In Michigan.

Dayton, O., Feb. 15.—Fire which broke out shortly before midnight last night and for hours threatened an entire block in the heart of the city's business district caused a loss estimated today at \$750,000.

The fire completely gutted two four-story buildings owned by the Home Store, the National meat market, the Sarnoff Irving Hat Co., and seriously damaged the ten story building of the American Loan and Savings Association.

The blaze was discovered at 11:50 o'clock by desk sergeant, Tom Wollenhaupt at police headquarters, directly in the rear of the Home Store. Every piece of fire apparatus in the city was called out and every reserve fireman pressed into action, throwing 15 streams of water on the blaze and on neighboring structures.

When the fire was at its height the entire rear wall of the Home Store building crashed in. Several firemen were slightly injured by falling brick and flying embers.

Firemen fought the blaze for more than ten hours.

Fire Chief Frank Ramsey was unable today to ascertain the cause of the disastrous blaze. It was believed to have started in the wall between the National market and the Home Store.

Six Children Perish

Houghton, Mich., Feb. 15.—Six children are dead and their mother and four-month-old sister are in a critical condition today after an early morning fire which destroyed the log farm house of Gottfried Rothenberger, at Portage Entré, 16 miles west of here.

The dead: Frieda, 10; Elsie, 9; Marthan, 8; William, 6; Ruth, 4, and Paul, 3.

Two other children, Alfred, 12 and Irving, 11, escaped without injury by jumping through a window to the roof of a shed at the rear of the house.

Rothenberger, who saved the lives of his wife and the baby, was badly burned in a vain effort to rescue the six children sleeping on the second floor of the house.

FIVE ARE KILLED BY CLOUDBURST

Coaldale Ky., Feb. 15.—Five persons are dead here today as a result of a cloudburst which caused a flood in Marrowbone creek, a narrow stream which runs between high hills.

Other persons living near the creek had narrow escapes and two men were rescued after being carried several miles downstream.

BERGDOLL HELD PENDING QUERY INTO CHARGES

Mosbach, Germany, Feb. 15.—Grover Cleveland Bergdoll, Philadelphia, draft dodger, is still held by the police here pending further inquiry into the charges made against him of committing an offense against a young girl in Heidelberg in 1923.

The complaints in the case will probably be brought before the examining judge together with Bergdoll either late today or tomorrow.

Bergdoll is protesting that the case is a frame-up.

WOUNDS MAN WHO VISITS HIS HOME

Wellsville Man Is Shot By
Farmer; Jealousy Is
Blamed By Police

East Liverpool, Feb. 15.—Perry Daniels, 35, Wellsville mill worker, was in the City hospital today. He was here pending further inquiry into the charges made against him of committing an offense against a young girl in Heidelberg in 1923.

The complaints in the case will probably be brought before the examining judge together with Bergdoll either late today or tomorrow.

Happy for Seventy Years as Wife Says You Have to Humor Husbands

Advice of Mrs. J. W. Hedges, 86, Maramee, Okla., who is looking forward to celebrating her seventy-first wedding anniversary, to brides who want a happy married life, is to humor the husband all the time and make him think he's getting his own way. Mr. and Mrs. Hedges are shown.

SCOUTS ATTEND CHURCH TO MARK ANNIVERSARY

Dr. Collier Praises Scouts
Activities and Work
Of the Leaders.

The Boy Scout Anniversary week was celebrated Sunday evening in the First Methodist Episcopal church by the attendance of a fine group of boys.

The Scout troop of the church in command of Scoutmaster Harold Maeder and Assistant Scoutmaster Davis, Troop 1, sponsored by the Kiwanis club and commanded by George Trisler, Scouts from other troops, troop committeemen and Scout leaders were present. The Scouts and leaders were seated in reserved seats in front of the altar.

Dr. E. S. Collier spoke appreciatively of the Boy Scouts and their work. Over 600,000 boys are enrolled as Boy Scouts of America; 20,000 volunteer workers are giving of their time to care for the boys and develop good citizens. Over 1,500 clerical men are scoutmasters. Besides community Scouts, many churches of all denominations are using the Scout movement to train and hold their boys.

"The Scout oath and laws are not only a good moral code for boys but," Dr. Collier asserted, "I know of nothing outside of ideal character equal to that given us in the Scout oath and laws. A Scout must learn these. They are repeated at each Scout meeting and the lessons given are illustrated by the Scout leaders."

ROGERS, LISBON MERCHANT, DEAD

John Rogers, 70, Had Been
In Dry Goods Business
For Thirty Years

Lisbon, Feb. 15.—(Spl.)—John J. Rogers, 70, retired drygoods merchant, died at his home in Lisbon Monday morning as the result of a general breakdown.

Mr. Rogers had been in the dry goods business here since 1896, but retired last year.

Born July 29, 1856, in Lisbon, Mr. Rogers spent practically all of his life here. Previous to entering business for himself, he was with D. C. Bowers & Co. of Lisbon and for some years was with the Gilmore store in Pittsburgh. He was an elder in the Presbyterian church, and attended Presbytery as a delegate from this church.

Surviving are his widow, Mary Rogers; one daughter, Mrs. James E. Anderson of Wooster; a son, Ralph O. Rogers, of Lisbon; and a sister, Mrs. James Mitchell of Lisbon.

Funeral service will be held at 3 p. m. Thursday at the Presbyterian church.

NAB LISBON BOY CARRYING LIQUOR

Lisbon, Feb. 15.—(Spl.)—Jack Vonfeld, 17, son of the owner of the Lisbon hotel, Washington and Market sts., was free today on bond for his appearance before Mayor Robert Clark Tuesday, following his arrest Saturday night by Deputy Sheriff Henry Burbon and Marshal George Groves on a charge of possession of liquor.

Just as Vonfeld, carrying a traveling bag, stepped out of the door of the hotel, Burbon and Groves closed in on him, and confiscating the bag, found several pints of whiskey, they say. The officers claim Vonfeld was "delivering some orders."

The youth will probably be bound over to the juvenile court since he is under age. He denies the charge placed against him.

Blaze In Basement Of Apartment House

Six families in the large Wilson apartments, Chestnut st., were driven from the building about 3:30 p. m. Saturday when fire in the basement threatened the apartments.

Waste paper and boxes in the basement caught fire in some unexplained manner, and though it did not do much damage, the smoke issuing from the building made the fire at first appear serious.

Firemen on two fire trucks extinguished the blaze with chemicals.

Hotel Crowd Silent When Best Dressed Man Enters Lobby

Columbus, Feb. 15.—A milling, noisy hotel lobby crowd suddenly was silent.

Only the rustlings of women's dresses as they eased into positions near the elevator were heard. All eyes were turned on one figure.

George H. Wright, of Huntington, W. Va., "best dressed man in America," trotted majestically through the lobby. Sighs came from the women, but the men remained silent as the elevator hoisted him to a convenient room on the third floor of the Neil House where the annual convention of the Ohio Association of Retail Clothiers is being held.

Wright is here as an honor guest and will address the convention "on the creation of a clothes conscience in men."

CLAYTON ECKSTEIN IS NAMED TRUSTEE

Justice Bonsall Appoints
Trustee To Succeed
James Ramsey

Justice of the Peace Charles Bonsall, Saturday afternoon appointed R. Clayton Eckstein, living south of Salem, as trustee of Perry township to succeed James R. Ramsey, who died recently.

Eckstein will serve out the balance of Mr. Ramsey's term which will expire Jan. 1, 1927.

There were 22 applicants for the position, and Justice Bonsall found it no small task to pick a trustee out of so much good timber. He met in conference with the other two trustees, Austin Getz and Charles Paxson, late in the afternoon, and sought their advice before making his appointment.

Justice Bonsall then made a formal appointment in written form and gave it to C. S. French, township clerk, who will notify Eckstein of his appointment and swear him in.

TUMULTY FAMILY RESCUED AS GAS OVERCOMES THEM

Washington, Feb. 15.—The wife and two daughters of Joseph P. Tumulty, secretary to the late President Wilson, narrowly escaped death from monoxide gas poisoning in their home on Kalamazoo rd. Saturday night it was learned today.

No report on it was made to the police and it was only today that news of the near fatalities came out. Mrs. Tumulty and her daughters are under the care of a physician and will recover.

A defective water heater is blamed for the accident.

Only the quick response of Mr. Tumulty to a telephone call from one of his daughters, it was said, saved their lives. Mr. Tumulty was attending a dinner at the home of Frank J. Hogan, prominent Washington attorney. He rushed home to find Mrs. Tumulty and both girls, Grace and Alicia, almost unconscious. He threw open the windows and called a physician.

The health department is making an investigation.

Autos Crash Sunday; Driver's Hands Cut

George Balta was cut about the hands and face when his auto collided with a machine driven by James Herron on McKinley ave. near Washington st. Sunday.

Flying glass gashed one of Balta's hands severely and several large pieces of glass just missed his eyes. Both machines were damaged and the Studebaker wrecking car removed Balta's to a garage. Slippery streets was given as the cause of the accident.

Despite the condition of streets and roads few auto accidents were reported over the week end.

Chauffeurs Can Get Their Licenses Here

Owners and drivers of motor vehicles who come under the supervision of the state utilities commission, may take their chauffeur's license in Salem, starting today.

Mrs. Blanche Headley in the deputy auto commissioner's office at City Hall, will give chauffeur's exams and fill out application blanks which will be sent to Columbus, and the badge for the chauffeurs will be sent direct to the person taking the exam.

Explosion Kills One Coal Miner, Hurts 19

Pittsburg, Pa., Feb. 15.—One miner was killed, 19 were injured and 600 others escaped unhurt when an explosion occurred near the shaft of the Cleveland & Western Coal Co.'s mine at Powhatan, Ohio, at 8 o'clock this morning, according to word received at the U. S. Bureau of Mines here today.

DEPORTATION CASE BROUGHT AGAINST BRITISH NOBLEMAN

Papers Issued at Request
Of Immigration Commissioner Curran

COUNTRESS' CASE
PROTEST GROWS

Labor Department Flooded
With Protests From
Many Sources

BULLETIN

Montreal, Feb. 15.—The Earl of Craven is going to sail for Bermuda on the "first ship that sails," he declared today, from the Ritz Carlton hotel here.

The earl admitted he had slipped away from New York to avoid deportation following questioning by immigration authorities as to his affair with the beautiful Countess of Cathcart.

New York, Feb. 15.—"I'm not a coward to run away like Craven did," it stick and face it out!"

This was the spirited statement of Vera, Countess of Cathcart, detained at Ellis Island pending proceedings to exclude her from this country when she learned this afternoon that the Earl of Craven, the "man in the sack," had fled to Montreal upon warning of his threatened arrest and deportation.

Washington, Feb. 15.—A warrant for the arrest of the Earl of Craven was authorized by the department of labor today and telegraphed to Immigration Commissioner Henry H. Curran at Ellis Island for use in deportation proceedings against the British nobleman.

The issuance of these papers, at the request of Ellis Island authorities, apparently foreshadows the expulsion of Craven as well as the Countess of Cathcart, with whom he eloped several years ago to South Africa.

The procedure against Craven, who has been visiting in New York for months, will now be to conduct him before the authorities at Ellis Island and if he admits having been intimate with the Countess of Cathcart, deport him.

Depends On Earl's Denial

If the earl denies that he committed this "crime" of moral turpitude, it apparently will be up to Commissioner Curran to choose between the statements of the earl and his erstwhile traveling companion. The Countess of Cathcart already has frankly admitted her affair with the earl, and it is this admission that resulted in her being held at Ellis Island and denied admittance to the country as an "undesirable character."

The authorization for the arrest of Craven was issued as a matter of routine business, and was accompanied by no comment from officials of the department.

It is assumed by officials here that Curran will immediately dispatch an officer to locate the earl and take him to Ellis Island. To this end the authorization was telegraphed, instead of being sent by mail, as is usually the case.

Tempest of Protest

Washington, Feb. 15.—A veritable tempest of protest was beating today about the heads of harassed officials of the labor department over their proposed deportation of Vera, Countess of Cathcart.

Senators and congressmen, and national women's party, women's clubs and other organizations flooded the department with their protests to all of which officials doggedly replied: "The law is the law."

A hearing will be held at 2 o'clock this afternoon on the countess's case. Her attorneys will present her plea for admittance, and contend that if she is to be sent back to England because of her indiscretions with the Earl of Craven, then the earl, too, should be sent back.

It was a difficult decision that the department officials faced today.

"If we admit the countess," warned one, "we bring down the reformers on our heads."

"If we exclude her and permit the earl to remain, all the women of the country will be after our scalps."

"If we ship 'em both back to England we make ourselves the laughing stock of the world."

Country Free From Big Labor Troubles

Washington, Feb. 15.—With the settlement of the anthracite strike the country is free from any major labor trouble. Secretary of Labor Davis said today.

There are now 50 strikes and 19 controversies that have not reached the strike stage before the department's conciliation service for adjustment. These are purely local disputes, Davis said.

Houghton Ill

London, Feb. 15.—Alanson B. Houghton, American ambassador to Great Britain, was in bed today, suffering from a cold contracted during his recent visit to France.

Q. In addressing an officer who is
commandant of a navy yard, should
one use the title "Commandant?" A.
T. G.

A. A commandant is the officer
who has jurisdiction over all activi-
ties in a naval station or district.
This is a station or a detail and does
not carry a higher rank or increase in
pay. Every naval district and navy
yard has a commandant. In most
cases he holds the rank of captain.
In addressing one who is commandant
of a navy yard or naval district it is
not proper to say commandant. The
officer's regular rank should be used.

Q. What city is called the sister
city of Miami, Fla.? J. O.

A. The sister city is Fulford.

Q. What comprises a simple re-
ceiving radio set? W. C.

A. The simplest receiving station
may be constructed with a coupler
and a detector crystal or some other
mineral detector, and one 50 ohm
phone and one strand of aerial wire
20 feet long.

Q. Where was the first school for
the deaf started in the United States?
D. M.

A. The first was a small school
started in Hartford, Conn., in 1817.
It was financed through the generos-
ity of a few men, one of whom, Dr.
Coke, had a deaf daughter. Thomas
Hopkins Gallaudet, with the collabo-
ration of the Frenchman, Clero, in-
vented the system of teaching.

Q. In taxidermy is the skin of an
animal stuffed to make it appear
life-like? V. S.

A. Such a method was once fol-
lowed. Now a statue of the creature is
made and the skin drawn over it.

Q. Was "Vanity Fair" considered a
success at the time it was written?
E. D.

A. At first, the opening chapters
did not attract the public. Thackeray,
who usually published his novels in
service form was then known, not
as a distinguished novelist, but as a
clever satirist and baroque.

Q. Is there any religious organiza-
tion that is producing motion pic-
tures? J. O. H.

SNIPING AT THE PRESIDENT

The great American drive having
failed to reveal anything remotely
resembling a political issue, the bril-
liant leaders of the Democrats are
turning their attention to the White
House. "Why not manufacture an
issue out of the president's bi-weekly
interviews with the press?" is the
bright invention of the issue-at-any-
price men.

In thus sniping at the president
these partisans are shooting at much
old American tradition. The occu-
pant of the White House is some-
thing more than a party leader. He
is the representative of the whole na-
tion. When he speaks he speaks as
the executive head of the nation.
Many considerations have compelled
the establishment of the time-honored
rule that the president shall not be
quoted save with his express permis-
sion.

Protection of the country comes
first in these considerations. The
president's words are too important,
nationally and internationally to per-
mit of his entering into a free-for-all
interview that could be quoted. Pro-
tection of the dignity and conveni-
ence of the president comes second.
The rule against direct quotation
that has been respected for genera-
tions at Washington is founded on
the solidest public necessities.

Behind this unquestioned custom
presidents have spoken in accordance
with their varying characters. Col.
Roosevelt talked freely to the cor-
respondents. Mr. Wilson, after estab-
lishing weekly conferences, stopped
them, and for years the nation had
no contact with the president save
upon state occasions. Mr. Harding
resumed the conferences. Mr. Cool-
idge has welcomed them and has
used them freely and successfully to
explain his views to the public.

He has, in fact, been too successful
and thereby arises the Democratic
rancor. From the point of view of
general publicity it is a great handi-
cap upon the president that he can-
not be directly quoted. Yet despite
this limitation, Mr. Coolidge by his
clarity and candor, has been extra-
ordinarily effective in getting his
ideas presented in the press of the
country. The gain both to the presi-
dent and to the country is clear. The
conferences bring them closer to
each other. The opposition is always
at perfect liberty to criticize or reply.
Only a jaundiced partisan can con-
ceivably object to the process.

Sniping at the president has never
been a successful American pastime.
When the practice criticized is an old
and honored American custom, used
to inform the voters about their gov-
ernment; the weapon becomes a par-
ticularly futile sort of popgun.

FIRE TRUCK FUNDS SOUGHT AT LISBON

Solicit Residents To Raise
\$1,800 for New Chassis
For Fire Truck

Lisbon, Feb. 14.—Red tape is to be cut and committees will be selected this week by Mayor Robert B. Clark of Lisbon, to select funds for the purchase of a new chassis for a fire truck. The last meeting of the village council Mayor Clark suggested a meeting of citizens be held to discuss the situation, but since then Mayor Clark concluded a meeting would only be a waste of time and that action in kind of discussion was warranted at this time.

It is proposed to raise about \$1,800 through public subscription for the purchase of a chassis and the building of a truck body to hold the equipment now used on the present truck with such required additions as may be deemed necessary by Fire Chief John F. Steel.

Not only will business and professional men and manufacturers be asked to contribute to this fund but the homes of the village will also be canvassed for funds for this purpose. Mayor Clark and the village council desire to have the new fire truck installed within two months.

Tack Wrong Advice
City Solicitor Frank H. Hoover of East Liverpool, notified his client, Roy Mahoney, colored, to pay no attention to notices sent him by Mayor Robert B. Clark of Lisbon, to appear and answer to a charge of reckless driving, filed against Mahoney Jan. 18, by Marshal George Groves and that is why it cost Mahoney \$5 extra when he appeared before the mayor. Mahoney when he was returned to Lisbon by Marshall Groves, and during the hearing Hoover admitted he told his client to pay no attention to the notices he received.

A fine of \$1 and costs was handed Mahoney, which included extra mileage charged up because of Marshall Groves going to East Liverpool and placing Mahoney under arrest.

Anniversary Sermon
Rev. Peter W. Macaulay, pastor of the Lisbon Presbyterian church will preach his seventh anniversary sermon next Sunday morning. Since becoming the minister of this congregation there has been a decided increase in its membership, and it is now proposed to erect an addition to the church during the coming summer.

Heart Tag Sale
The Volunteers of America held a heart tag day in Lisbon, Saturday and about \$200 was realized. School children started early Saturday morning to sell the tags, and the sale continued until late in the evening. In addition to making sales on streets, all office buildings and business houses were canvassed by the children.

Councilman Ewing Ill
Councilman John Ewing of Lisbon, who is also treasurer of the Columbiana County Fair board, is seriously ill at his home. He is suffering from the effect of a severe cold and has been confined to his home for the last ten days.

COURT NEWS

Divorce Petition
Herbert H. Lee, residing with D. H. Karchner, St. Clair ave., East Liverpool, has been sued for divorce by his wife, Doris Rachel Lee. The couple were married at East Liverpool, Oct. 20, 1920, the petition relates, and one child, Evelyn Louise Lee is now aged four years.

Mrs. Lee has charged her husband with gross neglect of duty and neglect to provide, and also declares that he has been in the company of other women.

Claim on Note
To secure a judgment and collection of a claim for \$350 claimed to be due on a note executed Oct. 13, 1924 and secured by chattel mortgage on certain farm equipment and live stock, and action has been filed in common pleas court by J. W. Wetmore of Champlain, Ill., through his counsel K. L. Coburn of Salem, against Otley V. Boyle, residing near Valley and employed by the Silver Manufacturing Co., at Salem. Boyle leased a farm from Wetmore Nov. 25, 1921 for a term of three years.

College Professors, Ministers, Students "Dumbest Travelers"

Columbus, Feb. 15.—College professors, ministers and university students are the dumbest travelers in the world.

Alfred Paul, who has been a ticket seller at the Columbus union station for 17 years, paid this doubtful compliment to the above trio.

For almost a score of years Paul has sold railroad tickets to thousands of professors, students and ministers. He waxed sarcastic in his criticism of them.

Years ago the university student would ride in any part of the train just so he got home, which was not often, but now—the dude "students" all ride in the parlor cars. Of course, Dad pays.

"The most maddening thing is when some students will be waiting in line for a ticket window while all the other windows are empty, but the fools never think of stepping up to the other windows. Many's the time I have had to say, 'You, in the gray hat step up to the next window, break the line.'"

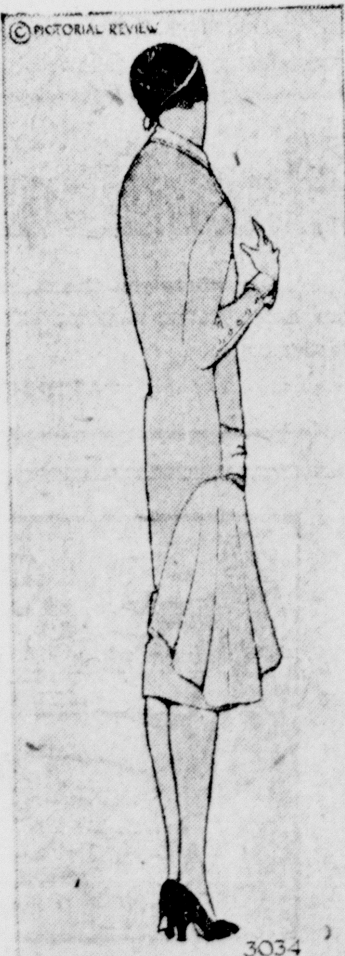

"A minister is entitled to 'clergy rates' which is half fare but he never thinks of this until a whole rate ticket is stamped and prepared for him.

"Then there is the college professor who arrives at 4:15, for a 4:50 train. He doesn't even know that he hasn't got a hat on his head and asks every stop the train makes to Cleveland and then buys a ticket to Cincinnati."

KEEPING ROADS CLEAR OF SNOW IS EXPENSIVE

Lisbon, Feb. 15.—It has cost the State Highway Department \$1,900 and \$2,000 to keep the highways clear of snow so far this season, according to a report just completed by District Highway Supt. Keltner, of this county.

This money was spent for wages, gasoline and oil, but in addition the vibration of the snow plows attached to the front of the big county trucks has so far caused two axles to break.

All county trucks were "laid up" Saturday, and two trucks will not be able to go into service again until new axles are received.

A truck load of "over weight" signs was due to arrive in Lisbon Monday from the district highway

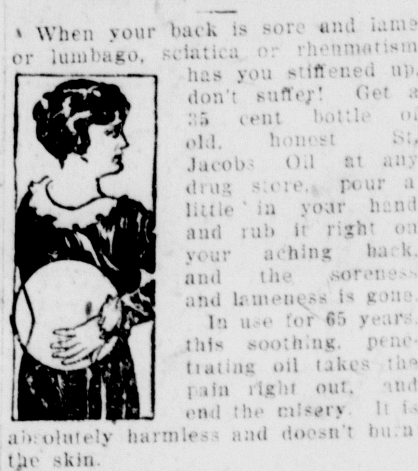

warehouse at Ravenna for distribution along the roads of this county. The load of trucks, including the vehicle was reduced 25 per cent. effective today, and the signs are to be placed at a convenient intervals on all main market and all state highways.

The signs will also be placed on the improved highways which are under county jurisdiction.

Unless there is another heavy fall of snow, it is not likely the state snow plows will again be attached to the county and state trucks, as the warm weather Saturday reduced the last fall of snow to the ice surface.

KELLOGG STUDIES DRY LAW CHANGES

International Complications May Arise From Strict-er Rum Methods.

Washington, Feb. 15.—Submission to congress of a number of important amendments to the prohibition, customs and internal revenue laws was held up today by Secretary of the Treasury Mellon, pending approval by the State department of changes in ship seizure regulations. Treasury officials feared that international complications might arise from more strict methods of dealing with rum smugglers off the American coasts.

There is a wide divergence of judicial opinion as to the scope of American authority.

Secretary of State Kellogg will pass on the question this week.

Other details of Gen. L. C. Andrews prohibition legislative program were approved by Secretary Mellon.

Officials said that the amendments will give the dry laws the force originally intended by Andrew J. Volstead author of the national prohibition act. Volstead has co-operated with Andrews in the legislative reorganization.

FORD INAUGURATES HIS MAIL SERVICE

Motor Company Starts Its Mail Contract With The Government

Detroit, Feb. 15.—The Ford Motor company today inaugurated the first daily mail service under a contract with the government when a plane took off from the Ford airport and turned its nose toward the east.

Another plane was to hop off a few hours later, linking Detroit and Chicago by air.

Henry Ford, Postmaster Charles C. Kellogg, Gov. Alex J. Grovesbeck of Michigan and Mayor John W. Smith, witnessed the departure of the first ship.

Ford loaded the first mail bag aboard the plane. It contained a letter written by the automobile manufacturer to his friend, Thomas A. Edison.

KELLOGG STUDIES DRY LAW CHANGES

International Complications May Arise From Strict-er Rum Methods.

Washington, Feb. 15.—Submission to congress of a number of important amendments to the prohibition customs and internal revenue laws was held up today by Secretary of the Treasury Mellon, pending approval by the State department of changes in ship seizure regulations. Treasury officials feared that international complications might arise from more strict methods of dealing with rum smugglers off the American coasts.

There is a wide divergence of judicial opinion as to the scope of American authority.

Secretary of State Kellogg will pass on the question this week.

Other details of Gen. L. C. Andrews prohibition legislative program were approved by Secretary Mellon.

Officials said that the amendments will give the dry laws the force originally intended by Andrew J. Volstead author of the national prohibition act. Volstead has co-operated with Andrews in the legislative reorganization.

FORD INAUGURATES HIS MAIL SERVICE

Motor Company Starts Its Mail Contract With The Government

Detroit, Feb. 15.—The Ford Motor company today inaugurated the first daily mail service under a contract with the government when a plane took off from the Ford airport and turned its nose toward the east.

Another plane was to hop off a few hours later, linking Detroit and Chicago by air.

Henry Ford, Postmaster Charles C. Kellogg, Gov. Alex J. Groesbeck of Michigan and Mayor John W. Smith, witnessed the departure of the first ship.

Ford loaded the first mail bag aboard the plane. It contained a letter written by the automobile manufacturer to his friend, Thomas A. Edison.

SALEM CHURCHES
HAVE ARRANGED
LENTEN SERVICE

Ash Wednesday Will Usher In Services Leading Up to Easter

Wednesday marks the beginning of the Lenten season, this day being known in the Christian world as Ash Wednesday.

In the Catholic church on this day ashes are used as an evidence of humility and sorrow for sin. More of the churches are coming to celebrate this season with special services, and especially the week known as Holy week, between Palm Sunday and Easter, which commemorates the resurrection of Jesus Christ.

Besides St. Paul's Catholic church, three other churches have announced they will conduct special meetings.

The Church of Our Saviour will have three services on Wednesday beginning with Litany and Holy communion at 7 a. m. At 10 a. m. will be Penitential office and Holy communion and Children's Litany and short address at 4:30 p. m.

This is the schedule for the season: On Thursdays Holy communion at 10 a. m.; Children's Litany and short address 4:30 p. m. and evening service and visiting preacher at 7:30. Holy Week—Holy communion every day, except Good Friday and Easter Even, 10 a. m.; Children's litany every day at 4:30 p. m.

Good Friday—Morning prayer and litany at 1 a. m.; Story of the Cross at 3 p. m. Easter Even Holy Baptism, 4:30 p. m.

Here are the visiting ministers for the Thursday evening services during Lent:

Feb. 18, Rev. W. W. Ridgeway, Niles; Feb. 25, Rev. Ian Robertson, Youngstown; March 4, Rev. E. G. Mages, Cleveland; March 11, Rev. F. C. Roberts, Chester, W. Va.; March 18, Rev. F. D. McCabe, Alliance; March 25, Rev. A. W. S. Garden, Pittsburg.

Rev. L. W. S. Stryker, rector of St. John's church, Youngstown, will exchange with Rev. C. A. Roth, the local rector, on Sunday, Feb. 28.

Holy Trinity English Lutheran church will begin its Lenten services on Wednesday evening and will hold one each Wednesday evening during this season. Emanuel Lutheran church will not begin its special services until next week. Announcement of these will be made later.

5 Under Indictment
For Jury Tampering

Cleveland, Feb. 15.—A fifth indictment was expected to be returned today by the federal grand jury, investigating charges of alleged jury tampering in the northern district of Ohio.

The investigation, which resulted from disclosures made by a salesman summoned in the second trial of Josiah Kirby, financier, on charges of using the mails to defraud, has already resulted in four indictments, including James Donovan and Jesse Ledlow, of Mansfield, and John W. Irvin, Akron lawyer. One secret indictment has been returned.

SCOUTS ATTEND

Continued from first page
a savings account to pass his test. There are 21 tests in all, covering a great deal of practical knowledge. Tasse must all be passed for promotion. The Scout motto is, "be prepared."

"The aim of scouting is not only to use a boy's leisure time in useful activities which interest him but to prepare him for active citizenship and parenthood. Obedience and cleanliness are two outstanding needs of today in our lives as a people. By laws and practical teaching these are taught."

The Boy Scouts have rendered most valuable service to cities and country in times of floods and disaster, as in Lorain, they were at once on the ground and in service. In war time they sold millions of dollars worth of bonds. In New York and in Cincinnati and other cities they have taken the place of traffic officers in managing the traffic."

Praises Leaders
Dr. Collier said he had been four years a scoutmaster and had enjoyed the work. He had found Scouting to be the best method of capturing the "gang spirit" of boys and of developing fine man. He gave many illustrations of his experiences with boys. "The Scout leaders deserve the best support not only of the Scout fathers but of the community. They give their time to do for a boy that which the father has not the ability or time to do or will not take time to do. The reason so many boys go to the devil is because their fathers do not keep in close contact with their boys. Haven't time is poor excuse for most men who have time for a hundred other things."

During Dr. Collier's address to the boys a copy of Hoffman's Boy Christ was displayed in front of the stand with a flood light upon it in the darkened room.

At the close of the service three uniformed Scouts of the Methodist troop ascended the platform, two boys bearing the United States flag and Troop flag, escorting the other Scout. The Scout laws and oath were given and then all the Scouts and men arose and together gave the oath of allegiance to the flag. The congregation then arose and joined with the boys in the salute to the flag and the oath of allegiance.

The meeting closed with singing of "America."

MOVIES SPREADING AMERICAN STYLES TO OTHER NATIONS

American Film Is Powerful International Advertising Medium.

Washington, Feb. 15.—American moving pictures are sweeping the world in popularity, carrying to virtually every foreign country the commerce, styles and customs of the United States, the department of commerce announced today in review of the film industry.

Officials regard the spread of American influence through the medium of the screen as of even more economic importance than the actual foreign traffic in films.

Flappers of every "border, and breed and birth" copy American feminine clothes, hair bobbing styles and mannerisms, as presented by the movie queens, the department's review disclosed. As a result they are adopting of their domestic retailers the product of American shops.

The American movie has become a powerful international advertising medium for everything that has a mark of this country, officials said.

Paris and London soon will drop as standard makers for clothes worn by men and women, unless the apparel artists devise emergency methods for beating the American movie influence, it was predicted.

In Canada, moving picture theaters offer virtually the same programs as

appear in the American show houses. In England, Australia, Latin America and the far east the programs are 90 percent American, while Germany and Scandinavia offer programs 80 percent pictures filmed in the United States. In France offerings are 70 percent from this country.

There were said to be 15,000 theaters in the United States, compared to 10, 12,200 in England, France, Germany and Italy.

It is estimated that the world's production of flaxseed this year will be 2,600,000 bushels, or 67 percent higher than last year.

End A Cold Within 24 hours

We paid \$1,000,000 for this way to do it

You can end a cold in 24 hours in the right way. You can stop the discomforts, eliminate the dangers, and the threats of the cold will cease.

That way is HILL'S. It is so efficient that millions have come to adopt it. It is so superior to other methods that we paid \$1,000,000 for it.

Get the HILL Tablets, and at once stop the cold, end all its ill results. The sooner you begin, the quicker the relief.

DAVIS RESIGNS AS MANAGER OF STARK ELECTRIC

Alliance, Feb. 15.—Everett W. Sweezy has been named general manager of the Stark Electric Railroad company to succeed W. E. Davis, resigned.

Sweezy was named to the post last week at a meeting of the board of directors of the company held in New York city. He took charge of the work immediately.

W. E. Davis assumed the post of general manager here nearly two years ago. Since he stepped into the office, several changes have been made, one of the most important being a shift from street cars to buses for city service.

There was no other change in the personnel of company, according to Mr. Davis Friday. The Stark Electric was purchased by New York capital last summer, Davis being retained as general manager by the new company.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed swollen mucous membrane and you get instant relief.

Ah, how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

New York—More than 2,200,000 motor vehicles were registered in this country in 1925, an increase of 216,758 over last year's number. Of this total 17,658,451 were passenger cars.

Weak, Not Strong Men Win Women Easiest, He Says

Weak men, not strong ones, have the biggest hold upon women's hearts, says Edgar Poe Norris, noted author ("Surrender," "Methuselah's Wife," "Eve's Two Lovers"). A weak man, he explains, appeals to the maternal instinct, arousing the woman's desire to remake him into a better one, and thus capturing her interest and love. Strong men fail to conquer, he says, because women use their weakness as a defense, thus enslaving the men's sympathies.

Feed Your Glands

For health—for youth—for beauty

Some of the greatest discoveries in modern medicine relate to glands. When glands fail, extracts or secretions of like glands are used.

The liver is our largest most important gland. Ox gall is now used to stimulate it. Thus countless people may get results which drugs never brought.

Aid For Millions

Torpid liver means more than constipation. The liver supplies bile. That bile checks germ development in the intestines.

When bile is scant, germs multiply. They feed the blood a constant stream of poison. Bad complexion may result. Or falling hair, heart and kidney troubles are often due to poisons. So is high blood pressure, so is premature old age.

The new way to check these poisons is to cause the liver to supply

its quart of bile per day. And ox gall is the substance now employed.

Check the Poisons

There are countless conditions which an active liver would help. Conditions which result from germ toxins. Results are often abrupt; sometimes they are priceless. Any one who suffers from such troubles should learn what ox gall does.

But get genuine ox gall. Ask your druggist for Dioxol tablets. Each one contains ten drops of purified ox gall. Yet the tablets cost but two cents each.

Remember the name—Dioxol. Those tablets will show you what ox gall does. Perhaps it is just what you need.

"Clip this advertisement. Take it to our special agent, The Lease Drug Co., and he will give you a liberal sample of Dioxol free." Adv

LAME BACK OR LUMBAGO PAIN

"Heet" Relieves Instantly

Use applicator attached to cork and brush "Heet" over the pain area. Immediately, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of your lame, aching back. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" instantly relieves rheumatic or neuritic pain in any joint, muscle or nerve whether in the arm, shoulder, neck, leg, or body. "Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store. Adv

Measles, Fever and Snow Drifts Check School Attendance

Snow drifts, measles and fever have been the contributing major factors in keeping rural school attendance records low during the last two weeks, according to reports just filed with County Supt. of Schools H. C. Leonard at Lisbon.

The current monthly attendance reports which compiled will show the lowest records in years, but the situation was beyond the control of the school authorities.

An improvement in the health of the rural school children was reported at the county school headquarters Monday. While a few new cases of measles have been reported, there is a marked decline in the record of a fortnight ago.

SALEM NOSED OUT IN LAST MINUTE

Boys Lose to Speedy Akron Centrals 30-26; Girls Lose By Point.

After leading for three quarters of the game, the Salem High Boys dropped a close battle to Akron Centrals at Akron Saturday night, 30-26, while the Girls, playing similarly at Sebring, lost out in the last half and were defeated by a lone point, 16 to 15.

The Akron game marked the first defeat of the Red and Black this season in a regular contest. Salem led at the first quarter, 12 to 10; at the half, 15 to 12; at the third quarter, 22 to 20 and continued to lead up to the last minute of play, when Central

led Salem. The last minute was a heartbreaker for the Red and Black. Elsie, captain of the girls, missed in a long shot, which was followed by another long toss by the Red and Black, star forward, in that time, and in the seconds that followed the Salem five could not overcome that sudden lead, and went down in defeat.

Salem fans consider the playing of the Salem team nothing short of wonderful despite the loss, as Salem was clearly at a disadvantage on a foreign floor against such a strong team, the strongest in that city.

Points made by Salem were Allen 10; Campbell and Captain Coffee five each; Older four; Jenkins two; and Clarence Slinger at back guard.

The Salem Girls beat Sebring by one point here earlier in the season and the game plainly showed both teams were practically on even terms. Salem had the slight advantage of the home floor in that game, and the girls reversed itself Saturday night, with Sebring getting the one point necessary for victory after an extremely hard fought game. Salem led at the half but lost out in the next two periods.

At Rogers Saturday the Salem second teams both won their games from the Rogers varsity outfits.

COLUMBIANA BOYS DOWN WELLSVILLE

Columbiana, Feb. 15.—In the Lincoln's birthday double bill of basketball at the C. H. S. gym, Friday night the Columbiana High team broke even with Wellsville High, Columbiana girls losing 18-20, while the boys won 21-16.

Both games were featured by close guarding and were clean, few fouls being called by Referee George O'Brien, former Mt. Union college coach, especially in the boys game.

Capt. Dowd was the leading scorer in the boys game, making five baskets, while Barr followed with three baskets and two free throws. Fellers also made a basket and played his usual good guarding game. Messersmith was used in place of Peters at guard and did well.

Wellsville led at half time, 13-2 but the local boys made their usual strong finish and held their down county opponents to three points in the second half.

Next Friday night will probably see the last home game of the season, these being with Lisbon teams, who held two victories on the locals by close scores.

INDOOR TENNIS MATCHES BRING STARS TOGETHER

New York, Feb. 15.—France and America declared more or less friendly war today on two fronts, the national indoor tennis championships, featuring Bill and Vinnie and Frank versus Rene Jean and Jacques, beginning at the Seventh Regiment armory, New York, on the eve of the great meeting between Helen and Suzanne at the Carlton club, Cannes.

If the latter, as advertised, will be the match of the ages, so the American indoor champions must be conceded the distinction of outclassing anything heretofore attempted on an indoor court, here or elsewhere.

Four of the best eight players in the world, William T. Tilden and Vincent Richards, America, and Rene Lacoste and Jean Borotra, France, were numbered among the entries, while two others, Francis T. Hunter, America, and Jacques Brugnon, France, are close to the top ten.

Of the outstanding male stars, only Bill Johnston, Dick Williams and Ger. Patterson and Jim Anderson, the Australians, will be missing. There were 41 entries, in all, but the other 38 could have been thrown out the window without affecting the ultimate situation.

ALBANY DUCKPIN ARTISTS DEFEAT MULLINS OUTFIT

Though no city team has yet defeated Mullins crack duckpin five, the Albany Pros, as they call themselves, took the scalps of the body makers in a match the other night, 2036 to 1970 pins.

The scores were:

Suzanne Will Meet King George If She Defeats Miss Wills

Cannes, France, Feb. 15.—Not only her reputation and her title will be at stake when Miss Wills play Helen Wills tomorrow, M. Fleureau, French ambassador at London, has promised Suzanne that if she wins against Miss Wills he will present her to King George after the Wimbledon tournament.

PLANS ARE MADE FOR FIELD MEET

County Teams To Compete Saturday, May 8, at Lisbon Fairgrounds

The Columbiana County Field and Track association, meeting at Lisbon Saturday afternoon, made plans for the annual track meet of county high schools May 8, at the fair grounds. Arrangements are to be made later but the meet will be run off in the same manner as last year.

Irwin Weaver, principal at Columbiana High, was elected secretary-treasurer to succeed C. M. Rohrbach, former Salem High principal. W. H. Geiger, superintendent of the Lisbon schools and E. P. Stonebraker, superintendent of the Leontonia schools, were re-elected president and vice president of the association respectively.

Helen and Suzanne Will Meet Tomorrow

Cannes, France, Feb. 15.—Helen Wills today became a finalist in the Carlton club singles, when she defeated Miss Didi Mlasto, 6-1, 6-4, in the semi-finals.

The victory scored by Miss Wills today insures her meeting the undefeated Suzanne in the finals tomorrow.

Undergraduates At Oxford Are Scored By Magazine Writer

Oxford, England, Feb. 15.—There seems to be a decline of chivalry and gallantry on the banks of the Isis. The Oxford University magazine this month caricatures a young lady with an ugly scholastic cap, unkempt bobbed hair, horned rimmed spectacles, and Russian boots, under the heading "Our Bolshevik Undies." It is understood that the latter word is short for "undergraduates" and has no other significance. "The magazine refers to the 'undergraduates' as 'the worst dressed women in the world.' It complains that the undergraduates have taken to the popular craze for Russian boots. 'Bad as many of their legs are at the best of times, this fashion makes them even worse,' complains the magazine.

New York—Mrs. Flora Bessen, said to be the oldest woman on New York's East Side, was buried Friday, having died at the age of 105. She was a native of Turkey and came to this country when she was 90 years old.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calms, without soreness or irritation. Adv.

LOCAL OPTION HIS PLAN FOR BRITAIN

Lord Astor Doesn't Favor Form of Prohibition In Use In U. S.

London, Feb. 15.—Prohibition, in the form prevailing in the United States, will not be urged upon the British people, according to Lord Astor, who today gave an interview on the prohibition movement, which he is actively supporting and directing. "I think the fairest way of dealing with drink in Britain," said Lord Astor, "is to have local option, giving the people the choice not only of abolishing drink, but also of transferring

its sale from private traders to a sort of disinterested public trust. "I have been associated in the development of a particular local option bill, which has been introduced into the house of lords on three occasions by the late Bishop of Oxford. This measure differs from previous local option bills in that it gives inhabitants of localities not only an opportunity of suppressing drink, but also of establishing what is generally called disinterested control.

"England has had experience with this system in the city of Carlisle. In Carlisle private competitive commercial business, either in the manufacture or distributing of liquor, has been superseded by disinterested public control. Under this system no profits made from drink can be utilized in advertising intoxicants or in subsidizing political organizations or individuals.

"Quite apart from the considerable social gains associated with this sys-

tem, the method has such obvious advantages that it appeals to many who are not interested in temperance. It removes from politics a force which has been found undesirable in public life all over the world."

Washington—The coming of a half dollar with the profile of President Coolidge on it is being considered as a means of aiding the Philadelphia sesqui-centennial exposition.

GREATER CARE IN
HANDLING AUTOS
WILL SAVE TIRES

By exercising greater care in the handling of their automobiles, local motorists can do their part in the campaign to bring down the cost of tires and to end the British rubber monopoly. E. M. Diehl, secretary of the Columbiana County Motor Club declared today.

In the last analysis, Mr. Diehl said, it is really up to the motorists as to whether or not the extortionate policy of the East India Rubber combine shall continue. He pointed out that a policy of conservation would accomplish the double purpose of breaking the rubber monopoly and at the same time proving to the motorists that their tires cost them a great deal more than they would if they would cultivate the habit of taking reasonable care of them.

In general drivers are told to transfer tires to other wheels when wear becomes apparent as a result of position on the car, and always so to drive that tires will not suffer unduly.

Front tires, it is suggested, should

be switched to opposite wheels when wear on the right side of the right front tire appears excessive, as a result of steering the car and crowding of roads, it is explained, the right side of the tread of the right front tire suffers abnormal wear, the situation being exaggerated in the case of balloon tires.

Drivers also are warned against turning the front wheels while the car is standing still. Damage which always results from this practice, it

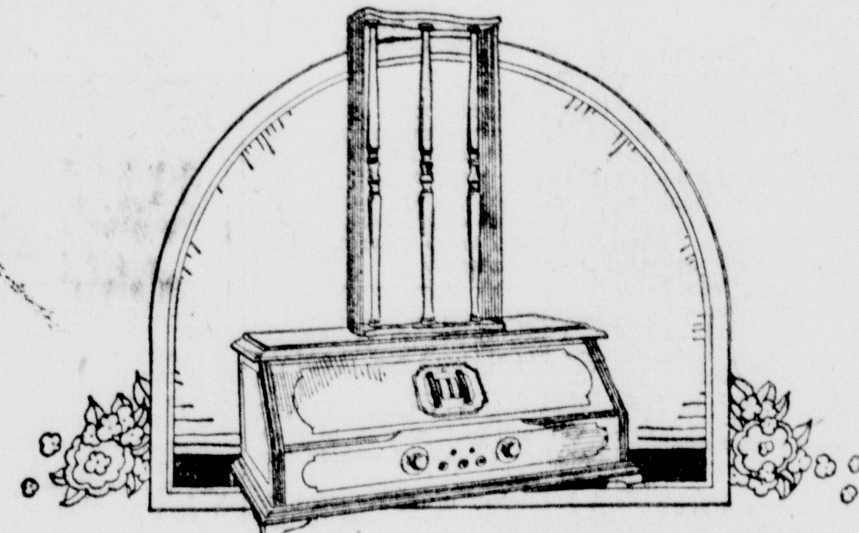

is pointed out, may be obviated by moving the car when turning the wheels no matter how slight the movement is.

Users of balloon tires are urged to give them close attention, for the reason that this now popular type may give longer service if inflation is watched closely and tires are given frequent inspection.

All motorists are warned against sudden braking of their cars. This bad practice, it is pointed out, causes

wear that can be avoided if the driver only will try to make earlier preparation for stopping them just a moment before the car must be halted. Since parking often is the source of tire evils, the A. A. A. cautions car-owners against setting the machine too close to the curb or driving against it and thereby squeezing the sides of the tires.

ANSWERS CRITICS
OF AMERICA'S AID

Carmi Thompson Points To
Cuba As Fruition Of
U. S. Friendship

Havana, Feb. 15.—European critics of America were answered today by Col. Carmi A. Thompson, commander-in-chief of the United Spanish War Veterans, in an address at the dedication of the monument erected by the Cuban government in honor of the 260 American soldiers who perished in the Maine disaster, 28 years ago.

Those elements in Europe who deride American ideals and cast suspicion on America's profession of disinterested helpfulness," said Col. Thompson, "are refuted by the splendid success which Cuba, with the friendly assistance of the American government and the American people, has achieved in upbuilding a nation."

"American men and boys who perished when the Maine was sunk by a treacherous mine, gave their lives for the same ideas which inspired the Yanks who crossed the sea in 1917 and 1918 to combat the selfsame European ideas of domination which had crushed Cuba into as pitiable a plight as ever was the lot of any nation in the world's history."

"The Maine came to Havana as a protection and refuge for American citizens. The stars and stripes flew at its masthead as a symbol of safety and assurance. The flag by the will of the American people, became the symbol of safety and assurance to the Cuban nation; and it has sustained this sacred symbolism through the 28 years in which the Cuban people have upbuilt a self-governing, prosperous and progressive nation."

"They have come to love this flag. They have come to know that American idealism and the best of greed cannot abide together. They know

that America feels well repaid for the sacrifice of lives made on the soil of Cuba and in Cuban waters by the establishment of justice and liberty in this island. And they can tell the world, from experience, that America will feel equally repaid if the same principles which obtain in Cuba today come to pervade all the countries of the earth."

"This is our answer to critics of America, who reluctant to come out of the night of hatreds and jealousies into the new day of friendship and good will among nations, cannot see us for what we are, unselfish soldiers in the cause of humanity."

"If the World Court will turn its eyes to Havana today, they will see here the full fruition of what American friendship means; and what concord and comity are possible between two peoples of different race of different tongue, who are bound together by the same ideals of democracy and fair dealings."

Col. Thompson's speech was regarded as having special import because of his close friendship with Presidents Taft, Harding and Coolidge. Col. Thompson was formerly secretary to President Taft and later was treasurer of the United States.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

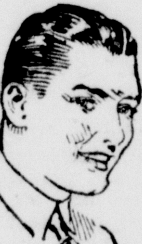

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

Nothing else cleans, sweetens and refreshes the entire system like pleasant, harmless candylike "Cascarets." They never gripe, overact or sicken. Directions for men, women, children on each box—drugstores.

COLDS THAT
DEVELOP INTO
PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

removed by rubbing the hands well with a good vanishing cream.

A hat of silver cloth that became tarnished was renewed quite successfully with a small can of aluminum paint. Gilt paint could be used on a gold hat.

On baking day, when the bread dough is placed in pans to rise, set the pans in the oven, heat your electric iron place in oven, close to the door and you have just enough heat to cause bread to rise nicely, free from draughts.

TODAY'S RECIPES

Sausage with Apples—Make the sausage into round, flat cakes, fry brown and keep hot in the oven. Remove the cores from tart apples, and cut crosswise in half-inch slices, with out paring. Fry in the sausage fat, then arrange on a platter as sandwiches, a sausage between two rounds of apples.

Salmon Club Sandwich—Toast two slices of bread for each sandwich, spread one slice with mayonnaise, on this lay a crisp lettuce leaf and a layer of flaked fish seasoned with salt, pepper and lemon juice. Add a second lettuce leaf, more mayonnaise and a slice of crisp bacon. Cover with the second slice of toast and serve at once.

Chop Suey—One pound of pork loin chops, two cups celery, two cups dry onions, one pound green string beans, one teaspoon sugar, three tablespoons of soy sauce. Sook string beans until tender. Cook celery and onions, chopped in medium sized pieces in one and one-half cups water until partly done. Cut meat in small pieces and fry until done, and then add other ingredients, salt to suit taste, and cook together for 20 minutes. Thicken with one tablespoon of flour.

Spiced Pudding—One cup browned bread crumbs, two cups scalded milk, one-half cup molasses, one-half cup raisins, one-half teaspoon salt, one-quarter teaspoon nutmeg, one-quarter teaspoon cinnamon, one-quarter teaspoon cloves. Soak browned bread crust in milk until soft, and add other ingredients and bake in moderate oven, stirring occasionally at first. Serve with cream. Time for cooking, 45 minutes. Serve four people.

LATEST IN STYLE FOR WOMEN

Paris, Feb. 15—Now that the holidays are over and gone winter visits and receptions are in order until better weather comes along and of course this means new frocks for Madame.

The smart French couturiers say that the winter reception gown should be a simple but coquettish afternoon one, not heavily trimmed with ornaments with beads. A line that is simple but chic is what should be sought for when it comes to this kind of a frock. Individuality and expression of character are what one wants. Agnes is showing a simple black frock with no trimming at all except for white satin collar and cuffs to long black sleeves. Another black and white had the long bodice in white as well as the sleeves. A circular flounce about the bottom is black and there is a black shawl collar.

Drecoli is always impressive with a crepe georgette in black with a finely-tucked handkerchief scarf in white georgette. Very fine plaits form almost the whole of a lovely Veronese green crepe topped off with a collar and simple but effective Buster Brown tie, "Comme vous voudrez." (As you like it) from the Maison Tollmann is a delightful reception gown with a bodice of black velvet, the new kind of velvet so soft and lustrous that one can scarcely tell it from satin. The skirt comes in white satin and there is a simple but effective border of brilliants.

Francis is showing a black crepe, Cesar with the girdle and the sleeves of an entre-deux opened up with gold embroidery. The hands of the neck and sleeves are in Opera silk harmonizing with the entre-deux.

Sweater gowns are essentially afternoon gowns, the sweater in this case meaning of course, a kind of jumper made in softest materials like georgette crepe, crepe satin or crepe de chine. One in gray velours is embroidered in steel spangles and is worn with a skirt of pearl gray crepe de chine. Another charming one is in rust color embroidered in old gold paillettes.

MOTHERS—CHILDREN LIKE THIS EPSOM SALTS PILL

This wonderful old remedy, heretofore shunned by children and adults alike because of its disagreeable taste, may now be had in a pleasant, sugar-coated pill. One pill equivalent in action to a heaping tablespoonful of salts. Unlike large, stick-in-throat tablets, Kuhn's Ep-sum Pill holds strength indefinitely. Quick results. Less wearing on system. Best for children because not griping. Money back if not completely satisfied. Only 25 cents.

WEIGHT OF TRUCK LOAD IS LIMITED BY STATE ORDERS

Regulation of Truck Loads On County Roads Effective Monday

Effective Monday, loads on all trucks operating in Columbiana county, or on any improved road in the state must be reduced, according to an order issued by State Highway Director George F. Schlessinger, a copy of which has just been received by Sheriff George Wright.

Last year this law, known as Section 7250 of the General Code was observed in this county, and as a result, at least a dozen arrests were made of drivers who were in charge of overweighted trucks.

The order of light weight trucks will be in effect until further notice and the order received by Sheriff Wright reads:

"In accordance with the provision of Section 7250, General Code of Ohio the maximum allowable weights and speeds for vehicles as prescribed by Sections 7246-1 General Code of Ohio are hereby reduced 25 percent of main market roads and intercounty highways of the state which have been taken over by the state. The reduction shall become effective at 1 o'clock a. m. Feb. 15, 1926, and shall remain in effect for and during the period of thawing and excessive moisture, or until further notice.

Weights Specified

"During the period such limitation shall be in effect the following schedule of maximum allowable weights and speeds shall govern, and will be enforced.

"Maximum load, including weight of vehicle, seven and one-half tons.

"Maximum total load of power vehicle, including vehicle on both wheels of one axle, six tons.

"Maximum total load, including vehicle on the one axle of a semi-trailer, six tons.

The order goes on to declare that in no event shall the load, including the proportionate weight of vehicle that can be concentrated on any wheel, exceed 650 pounds to each inch width of the tread of the tires, no
